first lieutenant, V. D. Johnson; second lieutenants, A. P. Robertson and H. V. Fried; first sergeant, E. S. Quisenberry; plantoon sergeants, E. L. Judy, C. K. Nave and V. P. Ropke Appointments for guides and squad-leaders (sergeants and corporals)

Leadership Course Will Be Instituted For Girls at U. of K.

A training course for leadership among girl scouts will be instituted at the University this semester, beginning February 23 and continuing through March 8.

The class will deal with fundamentals in regard to outdoor activities and the members of the class will be eligible to positions as summer camp leaders. Last year the students were entitled to a two-weeks cruise on the Kentucky river.

All girls who are interested in the project are requested to report to Miss Ray Mitchell in the recreation room of Patterson hall at 3:30 o'clock,

The Military ball, one of the four big dances of the year and sponsored by the military department, will be given Tuesday night, February 21, in the Men's gymnasium. The festivi-AMONG CONTESTANTS ties are scheduled to begin at 9 o'clock and last until 1.

Tradition has decreed that this dance should always be on the night before Washington's birthday and in accordance with the usual custom the nen of the advanced corps will be in full uniform. Scabbard and Blade, honorary military fraternity, will hold its annual pledging which will be preceded by the grand march. One of the features of the dance will be a no-break for the Scabbard and Blade men and pledges.

Peg Longon's orchestra, of the Phoenix hotel and the Kentucky Cardinals, of Louisville, are the orchestras that have been secured for the occasion. Doctor and Mrs. McVey, and the deans of the colleges and their wives will chaperone the affair. The committee in charge of arrangements consist of J. J. Richard-

and Martha Reed. B Company Sponsor: Misses Lucy Davis, Mildred Little, Katherine Fry, Elizabeth Robinson, Julia Marvin, Mary Louise Robinson, Louise Hill and Mildred Green. The University of Cincinnati has nvited 30 members of the Woman's Athletic Association of the University of Kentucky to participate in a Play arday, February 18.

Play Day is the result of the Wo men's Division of the National Ama-teur Athletic Federation efforts in this field, and was organized to study the situation and discover how girls and women might get the benefit of competitive team play without having their teams commercialized. Due to the efforts of this organization thousands of schools throughout the coun try have done away with varsity teams. In a play day the girls are sent from various schools and spend the day playing with, instead of against each other, and in this way more friendly feeling is established The program for the Cincinnati

Opposes Fraternity

Dean Believes Entertainment of Couple Would Encourage Student Marriages

When representatives of a University fraternity applied to C. R. Melcher, dean of men, for permission to give a buffet supper in honor of a newlywed member of the active chapter and his bride, the dean declared that he would oppose the fraternity's request when the matter is carried before the Men's Student Council for decision, it became known yestrday. He gave as his reason a belief that such a function would encourage stu-dent marriages, and cited the fact that several universities expel students who marry during their under-

graduate careers. Miss Sarah Blanding, dean of wowould raise no objections to granting permission for the party, but stated that she would ask that the fraternity not be permitted to publish in society columns of the daily or school newspapers the fact that the affair was being given in honor of newlyweds. She agreed with the dean of men in the belief that student mar-

riages should be discouraged. The fraternity's request will be referred to Dr. Frank L. McVey, president of the University, for his opinion.-Lexington Herald.

DOCTORS DEGREE IN JUNE

Mr. E. Z. Palmer, instructor in the College of Commerce, passed the final examination for a doctor's degree in Economics which he took on January "Bohemian 20 at the University of Wisconsin. He will receive his degree in June.

RADUATE CLUB ELECTS GEORGE BRYSON PRESIDENT

George Wayman Bryson, of Les ter, W. Va., was elected president of the Graduate Club of the University Saturday at a meeting of the graduate students. Miss Neola Frances Roberts, of Lexington, was elected vice president, and Miss Lydia Kennedy Fremd, of Eminence, was named secretary. Dr. W. D. Funkhauser, dean of

the graduate school, made announcements concerning theses and the annual banquet which will probably be held some time in May.

The Kernel Wins Leader Cup Award

Western Normal and Transylavnia Publications Win Sec-ond and Third Places

The cup which is annually awarded by the Lexington Leader to the best all-round college paper in the state was won this year by The Kentucky LEAVE FOR CONERENCE Kernel. The presentaton wais made at a meeting of the Kentucky Intercollegiate Press Association Saturday afternoon in the Science building.

The College Heights Herald, Western Normal College paper, was award-ed second place, and the Crimson Rambler, Transylvania ollege paper, was awarded third place.

Points considered in judging the papers included theC handling of news, features, editorials, headlines, make-up, general appearance, and

The judges in the contest were C. G. Dickerson, city editor of the Lex- ger. The first game, played at Danington Leader, and Thomas A. Un-

ITALY IS SUBJECT

Pan-Politikon Fosters Showing of Prints in Connection With Study of Italy During Month of February.

As February has been designated as the month in which we, as stunts, are to study Italy, a collection of Italian prints, beginning with the Italian primitives, extending through the period of the Renaissance to modern times, is now on display in the Carnegie Room in the Romany Theater building. This exhibit, part of the collection which was the gift from the Carnegie fund, is fostered by Pan-Politikon, a student organiza-tion of the University of Kentucky which assists students to become acquainted with the ways and customs of other people by bringing speakers from all over the world.

This exhibit of about 500 prints.

which began Tuesday, will be changed daily throughout the month of February. About 40 or 50 books on Italian Art have been put on reserve in the Carnegie Room. The library also has Italian books on display in the reading room and main library. In nnection with Italian month Pan-Politikon also secured Dr. Bruno Rosselli, of Vassar College, who has built up at Vassar the largest language department of Italian in the country for the convocation speaker on Thursday Doctor Rosselli is recognized as an

Beta Gamma Sigma

Honorary Commercial Fraternity to Hold Initiation and Banquet February 18 Alpha of Kentucky chapter of Bet

amma Sigma, honorary commercial

fraternity, will be installed Saturday February 18, at 4 p. m. at Dear Wiest's home on Fontaine Road. Professor J. W. Jenkins from the University of Georgia, will install the chapter. The requirement for Beta Gamma Sigma is a standing of 2. Following the installation of the

chapter a banquet will be given at 6:30 p. m. at the Chimney Corner. Doctor Frank L. McVey will give an address at the banquet. The following will be initiated:

Faculty members, Edward Wiest, Walter W. Jennings, and Robson Duncan; seniors, Philip Glenn, LeRoy Miles, and Glenn Roberts; alumni, Burton F. Hensley, Robert G. Housman, Ishmael Planch, Wilburn B. Walker, David R. Hickey; on honorary member, Ben R. Shaver.

WILDCATS PLAY CENTRE IN FINAL GAME OF SEASON

NUMBER 18

Will Be Second Encounter With Colonels; Kentucky Victor in First Game

STRUGGLE NEXT WEEK

Squad Recognized As Among Best in Tournament; Fans Are Optimistic

Kentucky's Wildcat basketball quinet will make its final appearance on the home floor this seas encounters the Centre College Colonels tomorrow night in the gymna-

game, which will be the

This

second of the season with Centre, is expected to be entered upon the winning side of the Blue and White ledville, resulted in a 36-23 victory for derwood, managing editor of The Lex- the 'Cats. Kentucky played rather listlessly throughout, and substitutes performed for a large part of the inal half. However, the fans have little to worry about in this second game. The Wildcats have learned a OF ART EXHIBIT lesson from the Georgia Tech game of last week. A team cannot overcome a large lead in the final minute of play, and do it consistently. Smarting under this last defeat, and play-ing the last home game before the journey to the Southern conference meet at Atlanta, the Blue will be doubly eager to rend the Colonels into small shree

> Work for Tournament Tomorrow's game will end the sea-con for Kentucky. From then until the opening of the Conference tournent, the latter part of next week, the Wildcats will strive to perfect their smooth working machine. Ken-tucky is rated among the leaders for the Southern crown, and is ably cap-tained by Paul Jenkins, guard par excellence, and an all-Southern selection in 1926. The Blue is working with only one goal in view, and that is the winning of the title. Everyone who has been following the 'Cats through the season is solidly behind the team, and are fully confident that the Bluegrass boys will show the way for the other teams in Dixieland.

Jenkins Last Game Paul Jenkins, who has gained the distinction of being twice chosen to captain Kentucky's quintet, will play his last game for the Blue and White on the home floor tomorrow night. Jenkins is a very capable leader, and is the only veteran on the team. His work this year will go far in placing him at the head of the list of candidates for the mythical all-Southern before. He is the only member of this season's squad who is lost through graduation this year. Kentucky is blessed with having a team composed almost entirely of sophomores, and if this aggregation continues together the Wildcats will again reach the peak in basketballdom, and be the premier team of the South, as in the days of

It is likely that Centre will bring D. Simpson, major, commander of second battalion; L. H. Clark, first lieutenant, adjutant.

Company officers and non-commissioned officers follow: Company A: Captain, H. C. Moody; first lieutenant of the lieutenant, adjutant.

Company officers follow: Company A: Captain, H. C. Moody; first lieutenant of the lieutenant, adjutant.

Company officers and non-commissioned officers follow: Company A: Captain, H. C. Moody; first lieutenant of the lieutenant, adjutant.

Company officers and non-commissioned officers follow: Company A: Captain, H. C. Moody; first lieutenant of the lieutenan against Kentucky in the first game.

> be: Jeffries and Combs, forwards; Milward or McBrayer, center; Captain Jenkins and McGinnis, guards. It is very probable that Clair Dees, Owens, Gilb and the rest of the squad will see action in this final game. A large turnout of University students is expected, and by giving vocal as well as mental support, the student body can show that it is behind the team, giving it a fitting send-off for the Atlanta fracas.

MUST WEAR UNIFORMS

The time has come. Saturday, February 18, has been designated by the R. O. T. C. officials, as the day on which all attending military classes are to again wear the full military uniform and from this date on until June. Those reporting to classes not in uniform will have their grade lowered on and after this date.

NO CLASSES WEDNESDAY

In honor of the birthday of George Washington, Wednesday February 22 To Install Chapter has been declared a holiday at the University. Practically the entire nation will thus pay homage to the "Fation will the "Fation will thus pay homage to the "Fation will the " ther of his country," as it is the cus-tom annually to set aside this day as national holiday.

HELP FOR THE ALUMNI

We are reproducing below a new form of information blank for the use of members of the Alumni Association of the University. This blank we hope will aid us in obtaining complete information from every member of the Alumni Association. This information is most needed at this time when we are trying to issue a new Alumni Directory. In this new directory we want to have every address and all the information as correct as we possibly can make it. For this reason we are asking every one of you to fill out this new blank and mail it in to us. Do this regardless of any previous information blank that you may have sent in even recently. We know that there are a lot of you who are married, still others who are the proud parents of children and neither of these facts have been noted on your record as an Alumnus of the University. Keeping the records in this office, which includes four different cards for each one of more than 5,000 graduates and former students, is no small job in itself. If we keep these cards up to date at all times there is enough work for several persons. In handling this many times we are very liable to make mistakes and allow some of the records to get behind, especially from those who are inactive in the Association. We want to have a full, complete and correct record of every member of the Association who is a paid up member, and for this reason we are asking you to fill out the blank below and mail it right back to us.

HERE IT IS

.

When we first announced that we were going to publish the history of athletics at the University on this page we did not what a popular move it was going to be. We knew, of course, that most of you would enjoy it and that a few would be enthusiastic but we did not know that so many of you would write in and commend the move. Now this is mighty sweet to us, and the more the merrier. As we have said before, we are printing the series of articles in the subsequent issues of The Kernel exactly as they appeared in the Kentucky Alumnus of 1915 and 1916. We have not changed the history in the least even to the editor's notes and the like. The first installment appears on this page, and the others will follow each week until the series are completed.

ALUMNUS IS CHIEF OF RESERVE STAFF

Col. Clarence R. Day, 1893, Is Named Chief of Staff of 103rd Division of Reserves; Stationed at Denver.

Col. Clarence R. Day, who was a one time a student at the University of Kentucky and a member of the class of 1893, recently has been appointed chief of the One Hundred and Third Division of the organized reserves, according to word that has come to the many Lexington friends of Colonel Day.

After leaving the University Kentucky Colonel Day received an appointment to the United States Military Academy at West Point. New York. He was graduated from the Academy with the class of 1897. He immediately entered the United States Army and is just now round ing out 30 years of service. He has been stationed in various Army posts in the West. After the Spanish-American War he was assigned to duty with the Army of Occupation in Cuba. He later was transferred to Hawaii. During the World War hawas in charge of the American avia-tion activities overseas.

For the past two years he has bee stationed at San Antonio, Texas. His new headquarters will be located in Denver, Colo., where he will make

Colonel Day is related to a large number of Kentucky people and many of them, like himself, are graduates or former students of the University of Kentucky. He is one of several alumni of the university who have hosen the Army as careers and who have attained important posts and high commissions in this branch of the service. Colonel Day already has assumed his new duties and is now located in Denver.

her graduation, she now has a promi nent place on our Roll of Honor.

William Ewing Hobson, B. M. E 1913, is a mining superintendent and is located in Pond, W. Va., where he is superintendent of one of the largest mining operations in that district. He has been engaged in the produc-tion of coal since his graduation and has held important positions several large coal companies.

Edgar Arrington Humphreys, B. C. E., 1913, is an engineer with the C. C. C. and St. Louis Railway Company and is located in Cincinnati where his address is 4120 St. Williams avenue He has been with this company for the past eight years and has been an active member of the Alumni Asso-ciation during that time.

John R. Foster, B. M. E. 1913, is an official in the American Roll. He has been active ever since his graduation. He is a member of the American Society of Mechanical Engineers, American Society of Heat-He has one son and one daughter.

William Henry McAdams, B. S. 1913, M. S. 1914, is an assistant professor of Chemistry at the Massa-chusetts Institute of Technology. His address is Room 2-125 M. I. T., Cambridge, Mass. He also is a consulting chemical engineer with a Boston

Daniel Whitaker Perry, B. M. E. 1913, is teaching Bible in Bethel College at McKenzie, Tenn. His address is 223 Stonewall avenue. Mr. Perry after being graduated from the Col-lege of Engineering of the Univer-sity of Kentucky, began the practice of his profession with the Westing-house Electric and Manufacturing Company and remained with this company until 1922 when he entered Bethel College and began studying for the ministry. After finishing there he held a pastorate in Pittsburg, Tenn., for a year, returning to Bethel College as a teacher.

ATHLETIC HISTORY University of Kentucky Club of OF U. K. IS BEGUN **Progress of Intercollegiate Sport**

at State College Up to 1915 As Told by First Coach Will Be Run As Serial. By PROF A. M. MILLER, A. M.

Editor's Note-Professor Miller has to depend upon his memory, the files of the local papers and a few other records for data for this history. The records are often found incorrect and Mr. and Mrs. John B. Nelson, of Princeton, N. J., have announced the In order to make the history as correct and complete as possible, Professor Miller and the editors of the Alumnus would appreciate any cor-rections that can be made by those into whose hands this may come.

Organized athletics had its begin-

ning in the old A. and M. College of Kentucky during the fall of 1892.

Previous to that year occasional games of baseball had been played between teams of the various coleges in the state, but there was no Intercollegiate Association and no rules governing eligibility, etc.

been played in the state previous to the fall of '91. In that year Centre College employed a gymnasium and athletic director — one W. Durant Berry—whose previous training had been in Y. M. C. A. gymnasium work. He was in fact one of "Stagg's Christ-

Daniel Shearer Stafford, LL. B. ginning to be called) for a game.

Hal Farnsworth Bryant, B. S. 1914, a statistican with the United States epartment of Agriculture and is lohave been informed correctly) of 10

When the team marched out on the field, the Centre team had to give them some preliminary instruction in regard to the rules of the game and show them how to "line up." How-ever, before the first half was over, the one in which all the scoring was done, the State College boys had "caught on" to the game surprisingly well and though they could not them selves score, having no plays or sig-nals, they were able to put up such

a defense that Centre could do no more scoring. In the spring of that year a base-ball schedule was arranged with some of the colleges and State College won rom Central University (located at Richmond) "with ease" though losing to K. U., 7 to 16. The State College players were Burch (pitcher), Clay-comb, Riley, Mulligan (now Dr. Mulligan, of Lexington), Pottinger '92, Bennett, Scovell '92, Roberts '93, and Herbert Ray Masters, B. M. E. Craig. K. U.'s players were BrayprossaHis immultion His address is 501 Murray street, Frankfort, Ky. He has been an active and paid-up member of the Alumni Association each year since his graduation, and has a place on our Roll of Honor.

Henry L. Spencer, LL. B an attorney at the same and th ed from the side lines while a stu-dent at Prniceton, and the only pre-vious coaching I had done had been while teaching at a girl's school in Pennsylvania—Wilson College—when, at the request of the president, I taught the girls to play the game in somewhat modified form. It was the theory of the president of that insti-

tution that all girls ought to know the different positions of the game as played so they would better under-stand the fine points when they went as many of them did, down to Princeton or Yale to see the big games. And that the only way to learn this was by actually "getting into the game" themselves

It happened that in the same year I came to State College, one Gordon Grainger came to Lexington, having of knowledge, of the game that I had. He, being a lame man, knew the game only from experience on the side lines. He undertook to initiate Kentucky University into the mysteries of football. He wrote voluminous articles on the game for the daily newspapers and did indeed succeed in working up quite an interest in it.

The State College team elected their best athlete, Will Hodby, '93, captain and Kentucky University chose as their captain their best athlete, Charlton Wallace. Hodby, '93, was probably the best all-around athlete State College ever had. In the local field day events the following spring he carried off the 100-yard dash, made in 10 3-4 in his baseball shoes and clothes. He also won the pole vault, the hammer throw, and the running broad jump. After leaving State College he pursued a medical course at Columbia University and a became a member of her crew — a winning crew for the first time.

Founders Day Banquet

The Kappa Kappa Gamma sorority observed their annual founder's day banquet Saturday evening in the om of the Lafayette hotel.

The new chapter house, which is be built soon, was the incentive for the decorations and the program carried out this motif. A miniature house, the exact replica of the house planned, lighted with electric lights, stood on a platform in the center of the ballroom and the long table was beautifully lighted by candles mark-

ing each place.

The program was entitled "The New Kappa House" and Mrs. Birkett Pribble presided charmingly as toastmistress. The responses were given by Miss Lulie Logan, whose subject was "The Foundation;" Miss Elizabeth Wood, who spoke on "Walls," and Miss Mary J. Sharp, whose subject was "The Roof."

The subject of Tuesday's botany course lecture for the Garden Club at the Universtiy was "Spraying for Control of Insects and Plant Diseases," and on Thursday, "Insects and Eastern on a tea was given at the chapter house in honor of Mrs. Haskell. Mrs. J. W. Smith, Miss Charlsey Smith and Miss D'Allis Chapman were in the receiving line

Convocation Speaker

CDr. Bruno Roselli, of Vassar College, was the speaker at the first convocation of the semester held Thursday morning in the Men's gymnasium.
Dr. Roselli spoke on "Danger Zones of Europe." His subject for Thursday afternoon was "When Youth Demands Responsibility." The subject for this afternoon is "Internationalism: Dead or Hibernating?"

A country party given in the Women's gymnasium under the auspices of the Y. W. C. A. and the Y. M. C. A., was an event of Thursday Blanding, and Miss Marguerite McLaughlin.

Several country costumes furnish ed amusement for the guests as well as an old-time Virginia Reel and square dances of other years. Music was furnished by a barn-dance or-

Another feature of the party was a candy-pulling which proved to be an exceedingly popular form of ententainment.

Chi Delta Phi Meeting

Chi Delta Phi, honorary literary sorority, met at the home of Miss Virginia Boyd, on Waller avenue,

Sunday afternoon.

Belle Nelson, of Hopkinsville;
Mary Elizabeth Stewart, of Paris;
Mrs. Lola Robinson, of Lexington,
and Miss Ann Callihan, of Lexington, are honorary members.

Senior Cabinet Meeting
The senior cabinet meeting was held in the university Y. M. C. A. rooms Tuesday evening at 7:15 o'clock. Heading the list of the important things discussed was an interesting plan of the progress of the programs for the religious meetings.

The dates April 26, May 3, May 10,

are so far without speakers. The next topic of discussion was

ence that one day of universal prayer which the World's Student Christian tion for chairman of the religious Association has set aside for univermeetings committee, submitted the sity students that they might feel more keenly the power of prayer. A large crowd of students is expected.

Tuesday evening, February 21, at 6 o'clock all members of the senior cabinet are invited to attend the Bible Class banquet, which is to be held at the Maxwell Presbyterian church.
Rev. W. H. Morgan, minister of that
church, will be the speaker of the
evening. Other short talks and special music will complete the program.

-no more Is all you need to pay for

the world's finest pen! Here's the world's easiest writer due to Par-ker Pressureless Touch! A fine ink channel ground between the prongs of the point brings capillary attraction to the aid of gravity feed, causing an immediate and steady ink flow at touch of point to paper. No pressure from the fingers. The light weight of the pen itself is sufficient.

Here, too, is Parker Permanite Material— 28% lighter than the rubber formerly used, yet 100 times as strong.

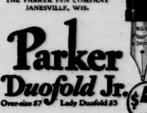

Parker Precision in facture still further insures accuracy.

"Give Your Mind Ocean Room"

THE TEAM AND THE CAPTAIN

Another basketball season ends with the University in the foremost ranks of the Southern Conference teams And although it is not yet known as a certainty, it is altogether probable that the Wildcats will be invited journey to the Conference tournament at Atlanta.

If Kentucky takes the trip, fans hold high hopes of their returning with the championship, and certainly the Wildcats have played well enough this season to warrant that assumption.

The team, composed of new material, has conquered, during the course of the season, many of its faults. Wherever the team has gone it has won admirers. And it has won these admirers, not only by the excellent brand of ball it has played, but also by its gallant sportsmanship. And so The Kernel wishes to congratulate each member of the Wildcat squad, and one member particularly.

That member is Captain Paul Jenkins who, this season, closes his athletic career at the University. Captain Jenkins, during the four years, he has engaged in athletics has made an enviable record, both in football and basketball, playing always a steady, heady game. The Kernel would like for him to know that the student body regrets the close of his career here. And The Kernel would express again its confidence in the team. The Kernel believes that they can and may win the Southern Conference championship.

A GOOD SIGN

The Kernel wishes to acknowledge the gift of the College of Engineering to the University in recognition of the Pan-Politikon program for Italian Month. It is a full worthy gift and will serve to establish more strongly a movement that is comparatively new and a movement that has potent passibilities for stimulating the interest of students to a wider scope. And Dean Anderson in placing within the view of all, a replica of a famous old sign and moreover a sign that has such a romantic background, has created, whether intentionally or not, more interest than could be aroused

by a dozen or so lectures on Italy.

For it is only through a work of art that the people of another nation may come to show interest and understanding in a foreign people. About this queer piece of iron work, one feels there must be a story, and one finds that there is a story. The story is sure to reveal something about the people around whom it is centered. just as this replica of an Italian ironworker's sign reveals the imagination of the artist who created it.

A TWO-YEAR COLLEGE

"If we are interested in education for democracy, our point of attack must fall at different level from that of the most favored, namely, the intelligent middle class of the population." This is the statement which Dr. C. E. Seashore, writing in the "School and Society" magazine makes concerning the present practice of mixing cultural education with practical education.

Dr. Seashore writes further: "If the business man's son wants to get something better than a high school training for business, he is confronted with the situation "four years, no more no less"...... What he wants to do and learn, and what the community needs in the majority of cases, is a dignified practical course which will fit him not only for the conduct of his business but for a self-respecting and intelligent citizenship at his natural level of employment.

And so, recognizing this not too obvious fact, Dr. Seashore suggests a two-year college course, wherein the student would be given that which would be of definite value to him, and would not be bothered with a multitude of subjects which he cannot grasp, and which he does not need to grasp in the life work he is fitting himself for.

Dr. Seashore would not, of course, have us abolish cultural education. He would simply distinguish between the two-give education of a practical nature to those who desire nothing else and give a cultural education to those who desire nothing other than a cultural

BEAUTY WINNERS

The eight most beautiful girls on the campus have been chosen and it is not infrequent that we hear comments as to their relative merits as beauty winners. These comments are usually of a deprecatory nature. Furthermore they express the general consensus of student opinion

The Kernel believes that the present method of osing the beauty winners by nothing other than a photograph, is a very poor one. No judge of beauty, no matter how good he may be, can fairly pick a campus beauty on a photograph.

The Kernel is of the opinion that the best method rould be to have all the girls who wish to compete in the contest make an appearance before the students on Amateur night, when the Stroller eligibles are chosen At this time the students could form an opinion of their own and choose the beauties on their outstanding qualities, such as beauty of features, figure and personality. A vote of the student body should be taken the next day and the girl with the largest number of votes should be judged the campus beauty.

Campus beauties should be chosen by the student body and not by some one who has never seen them This, because she is to represent the beauty of that

WAILS OF THE WEEK

Don't criticise the dean of men too severely. How would you like to sit on the fence tending to your knitting, with one ear to the ground and your nose to the

We know a new boy on the campus who should in the future prove a boon to the co-eds who like onions. He likes onions and has no objection to a date eating them unless the odor is so strong that his eyes water Incidentally he might easily qualify as her best friend for he'll never tell her.

This Really Happened

Irate landlady bursting into room where college oys are engaged in a gentle game of poker: "Boys, Boys! What do I rent this room to you for?" Bright Child: "Thirty dollars a week, ma'am."

Close supervision and this lettering system used by the dean of women by which the offence is noted on the co-ed's notice, almost gave one of the fair ones a fatal shock the other day. The night before she had dated with Andrew, and the card was lettered "L. A."

LITERARY SECTION

MARTHA CONNELL, Editor

RELEASE

High thoughts and meditative ways Have gone from me; Above their grave my pen essays

All knack of phrasing has lapsed down Into decay.

The paint and trappings of the clown Are swept away. And naught is left me but a sigh-

A skull where songs were wont to lie-

The taint of pain. So I am rich-and paupered, too, Have lost-have wor Have paid the last debt that is due,

An old refrain-

Am thrall to none.

Release from all the soul's estate-This have I bought. Release from the dark plague of hate Of love once sought.

. . . VALENTINE

-N. G. A.

-N. G. A.

It is so like you; the red of your mouth, The gold of your hair, the lace of your hands Framing the poem of your heart. See how this sharp silver dart Pierces those two crimson hearts Making them one? So, most beloved of valentines, Our hearts are linked by love. And when another year has passed You may find remembrance in this valentine.

TRANSIENTS

Months and years and loves and laughter--Nothing stays for very long. Lagging memories but murmur: "Nothing stays for very long."

I have heard all pain and pleasure Chanting, chanting, an old song-Re-intoning the same measure: "Nothing stays for very long."

GRACE

In Hell there are no tears . . . Only a sighing And a slow dying Throughout the long, pale years. There all the brittle hearts Shrink from the cold, blue darts That lick around them ceaselessly, And ever guard them jealously, The while they pray for tears In Hell, that knows no tears .

. . . WORSHIP

I do not pray On bended knee With folded hands For all to see. I do not sing The notes of hymns But listen to The voice of Him. My prayer comes From deep within A faithful heart Cleansed of its sin. I do not chant Words meaningless. I live alone In fearlessness.

-M. C.

I SEE

The trend in turning again to Solid Color Four-in-Hand Ties. The K Shop tell me they have had "quite a run" on them.

Looking Over The Magazines

(By J. Clark Graves)

William Orton's article on marriage and ethics in the February 15 ssue of "The New Republic" should be read by all those who are interested in the ideas that are associated with the companionate marriage that is occupying so much space in the magazines. Mr. Orton argues that since the war our ethical code has been sustained by purely negative forces and that there is a decided need for our ethical code to be re-constructed. This reconstruction, he believes, can be accomplished only by making parenthood, not the marriage law, the binding element in society; by adopting a single standard of mo-rality in which men will be held up to the same standard as women; and by the education of women for the purpose of stabilizing the ethical and noral code of man.

"A Poet also Looks at Companion-ate Marriage," by Arthur Davidson Ficke, the author of "An April Elegy," and other volumes of poetry, in the February 8 issue fo "The Out-look," without being based as well on facts as Mr. Orton's article, releases, nevertheless, some interesting observations. For instance, Mr. Ficke writes: "Indeed, one can always deect in the marriage views of people past middle age a grim satisfaction in their conviction that marriage is going to be just as hard for young people forever as it was for them."
Mr. Ficke opposes the views of Dr.
Collins and the more conservative writers on the companionate marriage and argues for birth control with omplete freedom of divorce, claiming that: "The genuine desire for either party to end a marriage is the only valid reason for ending it."

In the February issue of "The contemporary, historical novel, "Boston," has begun serially and will appear in subsequent issues. To me, the new "Bookman" as a literary magazine stands second only to "The Dial," but I do not applaud the ap-pearance of Mr. Sinclair's novel in its lumns. Mr. Sinclair, as we all know, appeals to a large body of morally ex acting individuals who would recon struct the world upon some vigilan social scheme and he is ruthlessly pedantic in his condemnation of everybody and everything that fits into this scheme. I would suggest instead in the February issue of "The Book "Dean Swift and Vanessa," b Shane Leslie, and "On Some Hitherto Unpublished Letters of George Mere dith," by R. E. Gordon George, both interesting and valuable articles.

Mr. Samuel Roth, the editor of sev eral monthly and quarterly magazines, among them The Two World's Monthly, The Two World's Quarterly and The Casanova Junior, is a literary plagarist of the first order and I should like to discourage the reading of his magazines. Besides printing Mr. James Joyce's "Ulysses" severe omissions in the text. Mr. Roth has gone so far as to steal a poem from one of the leading poets of our edgment.. of.. copyright. usually endeavors to make the good literature that he publishes appear obscene and he is unscrupulous in treatment of it.

Desire Under the Elms

Yale wants a bulldog; Columbia vants a stadium; Princeton cries for the municipal vote: Cornell would like to see prohibition enforced; Michigan objects to its auto-ban; Dartmouth advocates acceptance of the Hopkins proposal; Washington seeks its stoler siren and pleads for a continuance of the pajama parade custom; Amhers Saturday night dates with Smith: Smith argues for automobile riding after dark; Vassar maintains the cause of smoking for women.

Few are the colleges of today student newspapers are no standards of liberty and advance agents for the millennium. Unsolici ted criticism is being overdone Whereas the organs of undergraduate choruses of faculty sentiments, they are now upholders of various degrees of insurgency. Give a student editor an idea, an object which he may view with alarm, and a typewriter, and within a week he will have raised the foundations of his college. . . . The undergraduate press room has seen and is seeing red.

Wisconsin wants a completed Union: Oregon wants the freedom of speech; Syracuse demands that the Syracuse type be defined now and forever; Illinois wanted to beat Iowa: Purdue wants a band like Indiana's, and Indiana wants a football team like Purdue's.—Harvard Crimson.

Kernel Staff Dines Sumptuously; Soup Prelude Is Unsurpassed by said, "They say he couldn't tell a lie, but they close all the banks on his birthday. That looks bad." Can you give me the low-down on that

(By Sara Elvove)

Whenever the business office and Jimmy (Himself) Shropshire who holds the keys to the business office, feel that they are getting too flush with money, they give The Kernel staff three or four tables in a private dining room of some popular hotel invite Johnny (Professor) Bullock and Neil Plummer as speakers, and call it a banquet. However, it is only once a year; the rest of the season The Kernel workers dine on the food you read about in Aunt Mary's col-

The Kernel banquet of this year came earlier than usual (some one must have sent Jimmy a valentine). Promptly on the stroke of six and a half bells the guests began to arrive in two and fours and swarms. The birds and beasts and even the feature writers were there. "Gwan in," shout ed Editor Glanz, toastmaster, head waiter, and master of ceremonies.
"We gotta be out of this place by
8:30." "Make 'em go in," he pleaded tearfully to Professor Grehan who was moving here and there on the mezzaine floor, greeting everyone like a long-lost brother.

A sudden rush for the tables re sulted in the monopolization by the boys of two entire tables, leaving the girl reporters with only one man to five and six girls.
"It's not fair," remarked some

very femininely, but just then the waiters served the tomato soup in a cup with two handles, and her mind was occupied with another problem. "I don't care how they eat soup at neighbor, as she deliberately picked as one of the editors of the Bulletin of Weekly Announcements. Miss Dunn withdrew at the end of last gave a surrepturous peek at the tostastic work. Miss Eula Webb is the Emily Post and felt comforted. But from Neil's coat pocket. other editor of the Bulletin. It is not for long. Bill, fishing in his creamsuggested that all students and fac- ed chicken in vain for the wishbone, ulty wishing to post announcements bit a piece out of his glass, sputtered slip 'em to Bill, but he was too far should see the editors early each and announced that the program was at the other end of the table."

Dr. McVey Speaks

In response to the dignified humo ous greeting of Doctor McVey to the Kentucky Press Association Charles Walker, of Centre, president of the Association, announced that Centre forgave the past, overlooked the pres ent, but would get even with Kentucky in the future. After he had concluded Bill invited him to come over and meet him in the back yard; then he coined a new word in order that Martha Minihan might talk on "Matrimonial Possibilities of a Liter ery Editorette." "There ain't no such" summarized Martha. Can you magine a literary editor saying a thing like that? She didn't! Anyway, Neil Plummer finally confess in a half-hour's oration that he didn't know what "The Kernel's Perspec tive" was, but he took his cue fro Tennyson's poem beginning, "And I looked into the future, far as human night.

. The Best Speech

The prize as the best after-dinner peakers of the evening went to Frank Davidson and Ellen Minihan, whos 'Nursery Rhymes" could be called 'Very pointed paragraphs," and the would not be inappropriate. "Guess Frank is pretty clever after

Letters to the Editor

Editor, Kentucky Kernel.

Dear Sir: Every educational institution as as every other enterprise in which human interest enters, has its pests. Many of them are avoidable, some are suppressable; but some one is compelled to endure.

The university has its share of

campus pests, all of whom are irri-tating to a degree. There is one type here that is especially irritating to many hungry souls at meal time, and that type is the Bluegrass belle who the waiting line at the cafeteria. By what right does she pre-sume to wedge herself into the line

wherever she may see a friend?

Is it because of her overwhelming Queen of Troy type of beauty, that male and female alike should do her courtesy by following her queenly wake? Is it because of marvelous scholarship that she displays that she scholarship that she displays that she is entitled to this privilege? Is it because of her social brilliancy that all must step aside and grant her the privilege which she is pleased to ac-

Nay, nay, Gertrude, it is none of these. It is merely because she is either equipped with a sublime amount of egotism that blinds her to the most ordinary elements of courtesy or that she is supremely indif-ferent to the attitude of the grumbl-ing but courteous males behind her. Now any one of these souls would be glad to accord her the privilege but do begrude her the right, how-ever, she flutters by, without so much as a "by your leave, I thank you, or go to thunder."

Seriously, now girls, if you are so everlastingly hungry that you must crash in, go right up to the head of the line. Or if you have something important to say to your friend that you must visit with her right now, please step out of line and talk where you will not be disturbed. You are not gaining anything in the minds of those upon whose rights you have presumed. If you want courtesy, just use the old time policy of fair play and you will have no cause to com

lain. What do you say, girls?
ONE WHO HAS SUFFERED. Dear Editor

I am worried. Will you please help me out? Are impecunious habits deleterious? This has been bothering me ever since Professor Boynton couldn't find out for himself and had to ask our freshman class. Another thing he asked us was whether or not "Crossing the Bar" is a refere

Now impecuniosity refers to habimpecuniary circumstar which is not exactly irrevelant to the diurinal predicament of many of those who attend this university, but with this as a sublaterant, can one Cohen are the boys who find Paris a draw the conclusion that this is a pernicious or noxious condition? tainly it cannot be said that those students and they are many, who find Norma Shearer continues with her pictures of women in business life. In this one, coming to the Strand Suntinue would practically endanger the entire present of the strand Suntinue would practically endanger the entire personal of the strand Suntinue present of the strand Suntin

Charles Lindbergh born? What date ta Roja, a mythical, semi-tropical land. Against this background the story of a dance hall girl gives Miss Talmadge a vivid and dramatic role. And she does full justice to it. That always interesting heavy Noah Berry, plays the part of Don Jose Mariay Sandoval, the egotistical caballero.

Setutin in "The Latest From Paris," Miss did he land in Paris? You see this fellow George Washington, about whom there has recently been a great deal of discussion, was born on February 22, and the University has declared a holiday for him. Perhaps if one goes to see her in this production.

Please tell me something about George Washington. As the little cherry-tree story? Was he first in war, first in peace and first in the hearts of his countrywomen, as some-body accuses him? If so, what fraernity did he establish?

Books and Authors

(By Melvina Heavenridge) A deluge of varying opinions from all over the world has followed the death of Vicente Blasco Ibanez. Although he was familiar to Americans chiefly as a novelist, he was known throughout Europe as a radical leader and at different times in his active life he was by turns poet, journalist, moving-picture scenarist, translator, editor and political agitator, and his versatile career and individualiste ideas led him into dangerous battlefields where he became the target of the harshest criticism and punisheye could see." Anyone can tell you ment by law ever imposed upon so that he sure was seeing things that never forgiven him for writing "The Four Horsemen of the Apocalypse," which they believed flamed hatred against their country throughout the world; Spain, Ibanez's native country, regarded him as its prime enemy because of his radical party incendarism against the government; and the whole world has suspected him of every sin from commercialism to a desire for notoriety at some time or other, but today even his worst enemies grieve at the loss of one whose greatness they cannot deny. Most assuredly the movie loving American public will miss a repetition of the thrilling pictures, which Ibanez furnished the plots for in his novels, "Blood and Sand" and "Mare Nos-

Mortgage on Kernel Press Is Paid Off: Is Framed by Staff

On the occasion of The Kernel banquet Friday night, February 10, James Shropshire, business manager of The Kernel, presented to Prof. Enoch Grehan a mortgage that had been given by The Kernel to secure deferred payments on the new Lee press which was purchased more than two years ago. This mortgage had been paid and canceled and duly released on the books of the county clerk and was the last evidence of a debt incurred four years ago by The Kernel in payment of its mechanical equipment, thus evidencing that the equipment, thus evidencing that the entire debt had been paid as a result of four years of effort on the part of The Kernel staff. This plant is valued at 8,500 and is now owned by The Kernel.

It was first intended to have a small bonfire and burn the mortgage, but on a second consideration the staff decided to have it framed and placed in The Kernel office.

On account of the growth of The Kernel, the staff is now negotiating for a new press for which it hopes.

for a new press for which it hopes to pay cash. It is also planning to buy and present to the University new furniture for The Kernel staff and the department of journalism in the new building now being erected.

Kappa Kappa Gammas Will Move in Spring

The Kappa Kappa Gamma sorority, which now resides at 115 East Maxwell street, plan to move to a new home in the late spring and the Kappa Delta sorority has taken a lease on the house where they now are, and will move in on September 1.

The house which the Kappas have purchased was formerly the parsonage of the Maxwell street Presbyterian church and it is now undergoing several improvements.

several improvements.

The Kappas have occupied the house at 115 Maxwell street since its erection in 1924.

Mumps the Old Man Will Become Student

When school opens next fall a father and son will enter the College of Veterinary Medicine together. Graydon S. McKee, East Orwell, entered school this year but was sent home because of the mumps. When nis dad came to Ohio State to inquir into the status of his son in school he met Dr. O. V. Brumley of the College of Veterinary Medicine and was so impressed by what he saw of the

school that he decided to enter the school with his son next fall. The time lost by Graydon McKee because of the mumps made it neces-sary for him to withdraw from school. Now both are waiting for school to this group stands well over the two mark, as shown by their records at the university. Some few of these open in September, the son to con-tinue the life he already started and tively new to the faculty, some of attained the coveted three, while oth-tinue the life he already started and the father waiting for what he says once in a great while, failed to make will be the fulfillment of a life-long dream-Ohio State Lantern.

Richmond, Va.

Gentlemen:

I am a veteran of the Edgeworth army, still in active service.

I make this claim, challenging all comers, to have smoked Edgeworth (when it was possible to get it) for a longer period than any other person within the scope of your territory.

I have smoked Edgeworth for twenty-one years and will soon start on the twenty-second.

I'll admit to having tried other brands, including so-termed high-class, high-priced blends and mixtures, enough to appreciate and satisfy myself of the superiority of Edgeworth.

In all these years I have never had one can of Edgeworth that varied in flavor or otherwise.

Yours very truly,

Yours very truly, (signed) J. J. Roberts

CHOOSE CLAY FOR HALL OF FAME

Ask Kentuckians to Contribute Funds For Bronze Bust of Prominent Statesman; Ceremony Will Be In May.

Henry Clay was chosen for the Hall of Fame at the first election in 1900 by the College of Electors consisting of one hundred distinguished persons throughout the country. Most of those who were chosen at the same time have been honored by the customary bronze bust which is placed above the tablet in the Colonna University Heights. Clay has waited twenty-five years for this tribute, and the Director of the Hall of Fame, Dr. Robert Underwood Johnson, has very appropriately invited Kentuckians to contribute to the relatively small fund of \$3,000 which in each instance is ecessary to provide and install bust. Readers of this paragraph throughout the state are respectfully invited to send their contributions for this purpose in however small amount If the amount is contributed prompt-ly, the bust will be unveiled on the tenth of May with distinguished cere monies, along with those of Louis Agassiz, the scientist, Morse the inventor of the telegraph, President Madison, John Paul Jones, and posly counts on the pride of Kentuckians to erect this memorial to the great figure identified with the state.

Harvard University, Cambridge Mass.-Undergraduates at Cambridge "bored stiff," have started a lively campaign against what is described "insipidity and utter uselessof the ordinary lecture to which they have to listen. Philosophy and Life Are Not to

McGill University - "Behaviorism" complete man is not studied. the McGill Philosophical Society last from the ever-present introspective evening by Professor R. B. McLeod. factor. In dealing with this subject Professor McLeod first gave a general talk on ods had a beneficial effect on the philosophy and psychology.

"Philosophy and Life can never be he said. Thinking has an effect on the thinker, which trans-lates the thought into action. Philosophy is the subject which draws the new lines of endeavor for them to

Psychology is the baby science. It has been in existence for only a little over fifty years, but in those years it has made startling progress. In phychology, as in all other science, fads or cults have grawn up. One of these fads is Behaviorism. This fad attained the height of its popularity be-tween 1912 and 1920, but now is fad-

In order to understand Behaviorsm, something must first be known of philosophy and of psychology. Philosophy is the study of the soul. Psychology is the study of consciousess. Consciousness is the effect of 12 or 13 sensations; which involve the characteristics of extensity and duration. Consciousness is essentialy introspective. One cannot study

Behaviorists Study, Objective Now behaviorism is the scientific study of this consciousness. It at-Thursday night, February 16, at 7 From a Behaviorist's point of view o'clock in the Women's gymnasium, the human body consists of the sense organs, the nervous system, the mus-cles and the glands. Human life, is to encouraging the study of him no more than a series of respon

Professors Farquhar and Suth-erland Speak At National Drama Week Celebration

Hamilton College, under the auspices of the Marlowe Club, celebrated this week as National Drama Week, with two University professors, E. F. Farquhar and W. R. Sutherland giving talks on different pha ses of the work being studied.

Monday morning Professor Farquhar talked on "The Drama in Education as a Means of Culture and Information," while Professor Sutherland talked on the "Americanization of Speech," Wednesday morning.

National Drama Week was instituted some years ago by the Drama crature under the supervision of the League of America, the aim being to Sir George Williams College. call the attention of lovers of the drama to the influence of the drama in civic and educational life. The aim has been successful, and the league is now a discriminating power in establishing of standards of judgment in the dramatic world.

SIXTY ARE PRESENT AT ANNUAL KERNEL FEAST

(Continued From Page One)

James Shropshire presented to Proessor Grehan a cancelled mortgage, the last which The Kernel incurred in getting its new plant four years is the garden in which the saint's ago. The entire plant, valued at thornless roses bloom in May. Half \$10,000, is now free of debt. In a mile outside the town to the southshort acceptance speech, Professor east in the convent of San Dimiano, Grehan paid a tribute to the business department of The Kernel, and ex-

pressed the hope that a college of journalism could be established at the University soon. He also prophesied Sigma Phi, honorary journalistic so-

of The Kernel, presided.

MEMOIRS ENLIVEN HISTORY'S PAGES

Professor Offers Diary of Pepy's and Autobiography of Cellini As Examples of More Potent Historical Documents.

McGill University-"Memoirs," said Dr. Brunt, "serve as an interpretathe folk of the day, and are the clue tors of the Blue Diamond Coal Comto the labyrinth of souls." This was pany. the explanation given at a lecture at the Y. M. C. A. on the subject "Memoirs and Memoir Writers," one of the series of lectures on English Lit-

For those who appreciate history with a kick to it, the speaker recom-mended the letters of Macaulay to his his sister. To illustrate his point, the lecturer read a letter concerning the voting act of 1821 which was passed by a majority of one.

The Paston Letters, written throughout the fifteenth century by the in-dividual members of the Paston family, enliven the history of that cen

tury.

A better idea of religious condi tions of the early Christian era is obtainable in the letters of Pliny to the Emperor and the Emperor's answer, than from reading a hundred pages of history.
Fuggar News Letters

The Fuggar News Letters, written by the man who supported and in-fluenced all the wars of his period, gave a very graphic description of the inner political workings of Europe The letters also contain a certain amount of war psychology, similar to that of the people of today. Here the speaker said that war between Eng-land and the United States depended upon the word "Go" from the rival oil companies of the respective coun

In Emerson's Journal, one sees more human description of the slave condition of the South than is obtain

able elsewhere.

Cellini Autobiography The autobiography of Benvenuto Cellini contains the love of art, sculpture, and Latin Literature; the glamour and beauty and scholarship; the lust and hatred, and immoralities; all the phases, good and bad, of the Italian Renaissance. Cellini was also an artist of renown and his works are invaluable.

The essays of Addison and Steele published collectively in the Spectator and the Tatler; the novel Tom Jones; Walpole's Letters; and The Letters of John Weesley, represent the eigh-

teenth century England.

The Diary of Pepy's revealed everything that was in the man. He was not afraid to write and he did so for ten years. He told of what he ate and drank, of how he dressed, of the women he met, and of the politics of his period.

ENGINEERS PRESENT IRONWORKER'S SIGN

(Continued From Page One)

the walls of the nave, and from Old and New Testament history by pupils of Cimabue on the upper Santa Chiara Church

Church of Santa Chiara (St. Clare), the foundress of the Poor Clares, with its massive lateral buttresses, fine rose-window, and simple Gothic interior, was begun in 1257, four years after her death. It contains the tomb of the saint and 13thcentury frescoes and pictures. Santa Maria Maggiore is also church. The cathedral (San Rufino) has a fine facade with three rose-windows of 1140; the interior was modernized in 1572.

The town is dominated by the me-

dieval castle, built by Cardinal Al-bornoz (1367) and added to by Pope Pius II. and Paul III. Two miles to the east in a ravine below Monte Subasio is the hermitabe delle Carveri, partly built, partly cut out of solid rock, given to St. Francis by Benedic-tine monks as a place of retirement. Below the town to the southwest, close to the station, is the large pilgrimage church of Santa Maria degli Angeli, begun in 1569 by Pope Pius V. with Vignola as architect; but not completed until 1640. It contains the original oratory of St. Francis and the cell in which he died. Adjacent erected by St. Francis, of which St. Claire was first abbess.

In the early middle ages Assisi was subject to become dukes of Spo-leto; but in the 11th century it seems the time when The Kernel, with its to have been independent. It became new quarters in McVey hall, and the involved, however, in the disputes of new press it is contemplating purchasing, would be published twice a week. ng, would be published twice a week. Quently at war with Perugia. It was At the close of the program, Theta sacked by Perugia and the papal troops in 1442, and even after that rority, pledged Miss Lucille Short and continued to be the prey of factions.

Miss Eula Webb. The place is now famous as a resort William H. Glanz, editor-in-chief of pilgrims, and is also important for the Kernel, presided.

Some call it mellowness . . .

Some say that Camel is the mellowest cigarette ever made. Some that it's mild and smooth. It's really all good things in one, and that is why it is supreme upon the pinnacle of modern favor. Camel's popularity today is the largest that any cigarette ever had.

And, it costs something to make this kind of a smoke. It costs the choicest tobaccos

that money can buy, and a blending that spares neither time nor expense. Each Camel cigarette is as full of value as the world of tobacco can give.

You can be sure of smoking pleasure, serene and full, in these quality cigarettes. Smoke all of them you want; they simply never tire the taste.

"Have a Camel!"

R. J. REYNOLDS TOBACCO COMPANY, WINSTON-SALEM, N. C.
